HIGH TONES . . . Pictured is one of the famed barber shop quartets that will take part in the Harmony of Music Festival Friday and Saturday nights in Campbell. Called the "High Tones", the members are Ozzie Palos, Gerry Lynch, Smiley Gomes, and Les Johnson. They are members of the Peninsular chapter of the SPEBSQSA and cancelled an Oregon engagement in order to take part in the Campbell show sponsored by the Lions Club and PTA.

BARBER SHOP QUARTETS SING FRIDAY-SATURDAY

Campbell's Kiwanis Club's well known quartet that has appeared before groups throughout the state will join eight famed barbershop quartets tomorrow and Saturday nights at the Campbell Grammar School in the "Festival of Harmony".

The festival is sponsored by the Campbell Lions Club and the Campbell Elementary PTA. Funds raised from the two-night stand will go to the polio fund of both organizations.

The Kiwanis Club quartet composed of C. P. Klassen, Herbert Neale, Howard Guilbert and Lloyd Nelson, will join an illustrious group on the stage for the two-hour entertainment-packed program. The show starts at 8:15 p. m. and admission is $1.25 for adults, 75 cents for children.

The singers are all members of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America (SPEBSQSA). The San Jose chapter of the organization has made arrangements for the appearance of such quartets as the "Frisco Four", "Forty Niners", "Alley-Cats", Savoir Four", "Close Shavers" "Edenaires", "Millionaires" and the "High Tones".

Master of ceremonies will be Robert Faulkner, Army master sergeant ROTC instructor at Santa Clara University. Co-chairmen are Robert James and Thayer Lyons.

He E. Alfson is publicity chairman, Verle Grizzle, ticket chairman, Robert Landreth, program chairman.

A Campbell resident, Art Mains, is a member of the "Millionaires". made up of members of three different chapters of SPEBSQSA.

Train Bites Car — Spits It Back

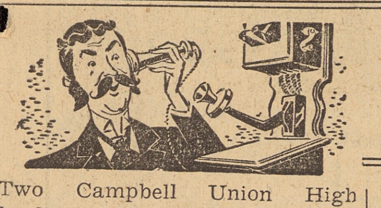
Lawrence Blake Jones, 28 of Los Gatos, an employee of Western Graved in Campbell, tangled with a train on the Kennedy St. crossing in Campbell Monday night. And he was able to tell what happened.

In fact, he drove the car involved home that very night. Minus, of course, two front fenders and a few other parts that previously had been attached to the front end.

"I didn't even see it," the lucky driver told Officer Gordon Rooney, of the Campbell police, who investigated the accident.

It happened at 7:25 p. m. Jones had just come out of the gate of the gravel company's yard and was traveling less than 10 miles per hour.

The train was going 18 MPH. The train engine more or less sheared off the front end of the pick-up, leaving a very scared young man in the driver's seat.



On The Line in Campbell

Two Campbell Union High School seniors, Stephen Hunter and Nancy Hertrick, will give a live demonstration of First Aid and water safety at the Junior Red Cross leadership conference at Lincoln High School, San Jose, this Saturday. The two local Junior Red Cross leaders will show the correct techniques for rescuing a drowning person and will also give other water safety tips.

RESIDENTS MAY FORM DISTRICT TO GET POLES

Residents of one section of Campbell started the unique action this week to establish a special assessment district within the Campbell Lighting District in order to have steel street light poles on their streets instead of wooden ones.

If their efforts are successful, it will be the first such district ever formed in the county according to authorities.

This action of the residents on Kuehnis Drive, April Way, Richlee Drive and Robway Ave of the so-called Kuehnis tract stems from a "revolt" by these same residents staged last month when the P. G. & E, began placing wooden street light poles on the streets in the area.

The utility firm halted its installation when the residents protested the appearance of the wood poles. A meeting with a P. G. & E. official took place at the office of The Press after a group of residents had protested to the Campbell City Council. The people were informed that the lighting district was under county control.

P. G. & E. informed the group that steel poles would cost the residents additional money but the company would cooperate with them in every respect. Wood poles could be placed in the area at no cost to the individual home-owner other than the regular taxes paid to the Campbell Lighting District. The difference in cost for steel poles must be met by either the subdivider or in some other way.

Subsequent conferences with Spencer Williams, of the county counsel's office, revealed that a special assessment district could be formed to pay for the steel poles, if 60 per cent of the residents in the area signed petitions to that effect. Philip Lively, 291 Richlee was instrumental in getting the ruling from the county, and getting the legal machinery in operation. In the area concerned there are 117 residents and 70 of them must sign the petitions in order to establish the district.

After an informal meeting of residents on Saturday, teams were formed to contact the other residents with each team responsible for approximately 15 householders. Leaders hope that the necessary signatures will be obtained by this Sunday when another meeting of the residents will take place.

To offset the fact that the petitions drafted by the county counsel, are couched in legal terminology, the committee in charge has "translated" them in a covering letter of explanation presented by the teams.

Most of those taking the lead in the "steel vs. wood" battle, reside on Richlee Drive, where the protest action originated. Those beside Lively obtaining signatures this week include, Raymond Sargis, 314 Richlee; Henry G. Weston, Jr., 283 Richlee; L. E. Coffman 338 Richlee; L. H. Silverthorn, 299 Richlee; William W. Sherrard, 307 Richlee; Norman H. Ricks, 290 Richlee; Sal Genovese, 344 Richlee; J. Jay Anderson, 322 Richlee; Ken Wilson and K. Russell Van Eaton, 257 April Way.

RYAN LEAVES POST OFFICE

Leo F. Ryan, assistant Campbell postmaster for the past two years, has accepted a position with the City of Santa Clara and will leave the local office on March 16, Postmaster Grim announced this week.

Ryan is now receiving retirement benefits from the U. S. Army for 25 years of service. Under Federal regulations this retirement income would be jeopardized, if he continued to receive pay as assistant postmaster.

Ryan, who now resides in Santa Clara, retired from the army with the rank of lieutenant colonel in the Finance Department. He was employed as a clerk at the local post office in December, 1948, shortly after leaving the service. Two years ago he replaced Ray Wood as assistant postmaster.

Grim said that no replacement for Ryan will be made at the present.

FUTURE FARMERS RECEIVE AWARDS AT BANK DINNER

At a banquet held last evening at the Sainte Claire Hotel in San Jose, two Future Farmers from Campbell Union High School and two from Camden High School were named gold award winners in the Santa Clara Section of the annual F. F. A. Farm Program Competition, sponsored by the State Bureau of Agricultural Education and American Trust Company.

Gold and silver award winners from the two schools are: Campbell Union High School—Gold awards: Delbert Herschback and Gary Steindorf; Silver Awards—Alfred Amstotz and Arthur Erwin. Camden High School — Gold Awards: Mel Burrow and Larry Lindsay; Silver Awards: Pedro Rodriguez and Dayle Waddington.

The annual Farm Program Competition is a highlight event for Future Farmers enrolled in high school vocational agriculture. The awards and banquet give special recognition for their accomplishments in student farming and further the work of the schools in helping boys to become both good farmers and good citizens.

This year's F. F. A. Farm Program Competition had a record participation of almost 4,000 Future Farmers from 72 high schools throughout Northern California. Last night's banquet was one of eight being sponsored by American Trust Company this year to honor the Future Farmer award winners in eight sectional competitions.

Fred J. Oehler, Vice President and Manager of the San Jose District of American Trust Company, was banquet host, and Vernon C. Gwinn, Manager of the bank's Gilroy Office, was master of ceremonies. Among the 125 guests were 50 Future Farmers award winners from ten schools in the Santa Clara Valley; superintendents, principals, and agriculture instructors from the participating schools; press and radio representatives; and bank officials.

Bob Haskell, one of the outstanding magicians in the country, entertained the banquet audience with his "Showmanship in Acts of Make-Believe".

Lionel E. Cross, Supervisor of Agriculture of the San Jose Unified School District, was the principal speaker, talking on the subject "Building for the Future" Other speakers were G. A. Hutchings, Regional Supervisor of the State Bureau of Agricultural Education, who has charge of the Farm Program Competition in this area, and Dexter Reeder, a Future Farmer from Willow Glen High School.

Planners Delay Action In Zone Change Case

One sitting of the local Planning Commission did not prove long enough last Thursday night for the commissioners to reach a decision either on the disturbing problems of a zone-change or the issuance of a use permit for a cover and fill dump in the Campbell area.

As a matter of fact, only one of the five items on the commissions agenda was given a definite decision. The four others will have to wait until future meetings for their answers.

A crowd of more than 50 people attended the meeting which was held in the Country Woman's Clubhouse instead of the cramped quarters of the fire house.

Warehouse on Whitehall

Chief interest centered on the application of Joseph and Connie Russo of 55 Rosemary Lane, for a change of zone to allow them to build a 40 x 100 foot metal warehouse on the east side of Whitehall St., a private road and not city property. The lots in question are now zoned R-1 and are bounded on the east by the railroad.

Russo, a general contractor, (pictured at left), explained that he wanted to use the proposed warehouse for storage only. He felt that in no way would the building decrease the value of properties adjacent to it. He denied that he intended it for a planing mill or that it would result in heavy traffic on the street.

Most of the residents on Whitehall St. were present and voiced objections to the building. Among those speaking against it were R. H. Eicher, 290 Whitehall, D. T. Wood, and Mrs. Mildred Davis.

Judge Martin Walsh (standing in above picture) a Campbell and San Jose attorney, representing St. Lucy's parish, which with its school and recently asquired property, is also adjacent to the site, said the parish was only interested in the proposed use of the building which would be directly across from St. Lucy's school playground.

After considerable discussion the Commission decided to hold the matter in abeyance until the April 5 meeting. At that time a study of annexation and other zoning problems which might affect the overall situation will be presented.

Cover and Fill Dump

How he planned to operate his proposed cover and fill dump was explained by George Bumb, who had applied for a use permit for a dump to be located in the Los Gatos Creek bed at the rear of the property on the west side of the San Jose-Los Gatos Road between Campbell and Hamilton avenues.

He said it would be a private dump and would be individually operated for home owners who would be charged to use it. There would be two routes into it, one off Hamilton Ave., and the other from the San Jose-Los Gatos Road. He said he would follow all regulations concerning such operations and the trenches would be covered and filled every 72 hours.

As an added feature, representatives of the county health departments showed films of similar dump operations and stressed the fact that the County Refuse Disposal Agency has set up regulations for their operation.

Objections Raised

In answer to objections raised by R. E. Ryan, 723 Ridgely, Bumb explained that the dumping would start 433-feet from the San Jose-Los Gatos Road. Ryan also questioned the advisability or having an entrance off the busy San Jose-Los Gatos Road.

Another objector was Roy McAllister, 210 N. San Jose-Los Gatos Road. He thought that the proposed dump would be extremely unattractive for those residents facing it. (Chairman Homer Hyde interjected the point that what the residents were looking at now was not too pretty and wondered how the people figured the hole was ever to be filled.)

Elmer D'Angelo, assistant engineer, reported that his office would not object to the dump, if it was operated correctly. He stressed the point, however, that no fill could be within 30-feet of the present retaining wall and the proper slope must be used in the fill.

The Commission decided to delay any positive action until a more complete study had been made. Commissioners K. D. Priestley and Sam O'Brien were appointed by Chairman Hyde to report at the April 5 meeting after conferring with the health department, city attorney, city engineer and planning consultant on the matter.

FUTURE PLANS OF ONE AREA CONCERN CITY

What should be done zoning-wise to that area fronting on West Campbell Ave., across from the high school property proved a toughie for the Planning Commission last Thursday.

Two items were on the agenda affecting the overall picture of this section. The planners in one case were stalemated because of a divided vote which came on the application for zone-change in order to build a multiple dwelling on the William Ammon property at 120 W. Campbell. In the other, the commissioners granted a zone variance request of Howard R. Atkinson to build a garage in front of his house at 220 W. Campbell Ave.

The divided ballot was on motion of Commissioner Hollis Logue to deny the zone-change application to allow a 12-unit apartment to be built on the site. Logue and

George Kemp Heads "Old Settlers Day"

George Kemp, vice-principal of Campbell High School who has past experience in almost all phases of the celebration, has been named general chairman of the 64th Annual Old Settlers' Day for May 4-5-6, it was announced this week by Milton Nelson, president of the Campbell Chamber of Commerce, sponsors of the event.

The first meeting of the general committee for the celebration will take place tonight in the I. O. O. F. Hall (First and Campbell Ave.). The meeting has been called for 8 p. m. and representatives from all organizations in the area are expected to be present.

Many of the groups have already submitted the names of their representatives who will attend when the preliminary plans for the celebration, the second oldest event of its kind in California, will be outlined.

Many of the sub-committee heads are expected to be appointed tonight. The music chairman and co-chairman, William Perkins and Ed Tonini, music instructors in the local schools, were named last week and are cooperatinga with Sam Cava, C. of C. secretary-manager, in the contacting of outside musical organizations. Many invitations have already been issued, Cava reported Tuesday night at the director's meeting of the Chamber.

Cava also expects to have a tentative report to make tonight on the carnival that will appear at the celebration. He hopes to be able by meeting time to confirm the location where the carnival will be set up.

Nine Years Here

Kemp, the new general chairman, has lived in Campbell for nine years, coming here as a teacher in the high school in 1947 after receiving his masters degree from Stanford after his World War II service. He is also a graduate of San Jose State and hails originally from New York State. He became vice-principal of the high school last fall after serving as counselor for several years.

The new general chairman who with his wife, Mildred, and their four children, two boys and two girls, live at 550 S. Union Ave., is confident that this year's event will be one of the best in history. He feels that with the assistance of Cava, full-time manager of the C. of C. many improvements over the past events can be made.

—But No Murder

Police Department Annual Report Lists Variety of Crimes for Area

Although no murder was committed in the city limits of Campbell during 1955, the police department, composed of four officers and the chief, had a wide variety of other types of crime, the annual report of the department reveals.

Chief Robert Locke this week reported that, exclusive of traffic violations, the police department handled 399 cases during the year of which 366 have been closed.

Burglaries with a total of 30 head the list with 27 closed, although there were six disorderly conduct arrests, 34 common drunks and 28 cases of drunk driving.

Seven auto thefts were reported and all seven cars were recovered. In addition the local department recovered 10 cars in the Campbell area that were stolen in other communities.

One rape case was closed by arrest as was the lone armed robbery. Of the 18 cases of forgery and fraud in the city during the year, 16 of them have been closed, the chief reports.

In all there were 97 arrests o adults made in the 12-month period and 30 juveniles but the chief said that 1956 is starting out even at a higher rate. There have been 37 arrests of adults so far this year and 15 of juveniles.

There were 1397 traffic violations listed in 1955 and 1180 tickets were issued.

Speeding was the number one violation with 569 followed by running stop signs with 388. Other traffic violations ranged from parking to improper registration.

During the year 75 accidents were investigated by the department. In 20 of these personal injury occurred with 55 involving property damage.

The four officers and chief, supplemented by the auxiliary police who put in more than 3500 hours during the year, drove 64,400 miles in the two police cars and one motorcycle in doing their jobs.

Kiwanians Hear Talk on Credit

Control and use of consumer credit was the subject before the Campbell Kiwanis Club at the noon meeting Tuesday, with A. C. Storer of the Santa Clara County Credit Bureau, as speaker and Guy Farley as the program chairman.

Storer said that seventy per cent of consumer credit is very good with obligations all met as agreed. The other thirty percent falls in various ratings with less than one per cent being dead beats. He said merchants themselves are often at fault in extending credit for too long a period with out taking definite steps to collect past due accounts.

Janice Polglase was student guest from Campbell High school, introduced by Ralph Noddin. There were five guests from Willow Glen and thirteen from Sunnyvale Kiwanis Clubs, along with Rodney Stewart of San Jose Club and Donald Renele, guest of L. E. Means. Renele who is the new pharmacist at Clark's Drug store, was graduated from University of California in 1952 and was married last December, establishing his home at Evergreen.

From the Willow Glen Club were Eugene Fields, Chester Rogers, Richard Levin, Sham Martinez, and Frank Lopes, while from the Sunnyvale club were Ed Tallstrom, Hugh Hepfer, Don McKay, Harry Aronson, Eric Ermert, Ben Morello, John Meredith, Lester Woodard, Collins Haan, Henry Griffiths, Harold Smith, Harry VanCleve and Al Shimoguchi.

Service pins were given Clarence Nelson for thirteen years perfect attendance, Norman Corvello for seven years and Ross Trowbridge for eight years.

FIRST ATOMIC POWER PLANT SET NEARBY

The nation's first privately financed atomic electric power will be generated in 1957 in the San Francisco Bay Area.

This historical development in the peacetime use of atomic energy was announced last week by the General Electric Company with disclosure that, with the Pacific Gas & Electric Company, it will operate an atomic electrict plant in the Livermore-Pleasanton area in Alameda County.

More About . . .

FUTURE PLANS

(Continued from Page One)

Sam O'Brien voted "yes" on the motion with Commissioners Les Harmon, K. D. Priestley and T. R. Solari voting "no". Chairman Homer Hyde abstained in the voting. Because of the absence of J. A. Tomlinson, the question will have to come up again at the next meeting because it takes two-thirds (5) of the entire membership for positive action.

Logue and O'Brien felt that "spot-zoning" was not the answer despite the mitigating circumstances of the "hardship phase" in this case. The Ammons desire to sell this property for he is already on a job in another locality. It means the family must be divided until the property is sold and the lot depth makes it difficult to sell.

This problem of lot-depth was not a new one for the Commission. Previously a tentative plan has been presented that would have split the lots on both Rincon and Campbell avenues. By cutting a new street between them it would allow the present back partions of the lots on both ....streets to face the new street.

Richard Salice, owner of the property on Rincon Ave., who presented the orginial plan, told the Commision Thurday that he felt the drainage problem could now be worked out. The drainage question had stymied the development of the plans previously.

The lone favorable action of the Commission also indirectly had a bearing on this future development. The request by Howard Atkinson for a zone variance to build a garage in front of his house as it faces on Campbell Ave., was approved. Atkinson, who is now building an expensive dwelling on the rear of the lot on 220 W Campbell Ave., admitted that he was more or less gambling on the fact that sooner or later the new street would be cut through and his new home would face on it. His garage then would be in the rear.

Indonesia officially became an independent republic, when it was released from Dutch control in 1949.

ROTARY NAMES NEW OFFICERS

Merv Willoughby, New York Life Insurance Company representative, was installed as president of the Campbell Rotary Club at their recent assembly at the Red Coach Inn.

Other officers installed were: Neal Royer, vice president; Forrest Reese, secretary; Donald Witzel, treasurer; Dr. John Hughes, sergeant at arms, also Dr. O. W. Bacci, Pete Stewart and L. W. Harmon, directors.

Homer Hyde gave an account of his recent trip on the aircraft carrier U. S. S. Oriskany as a guest of the U. S. Navy, at Monday's Rotary meeting. Hyde took movies during his trip, too, which he showed at the meeting.

Les Harmon was program chairman for the day.

HEART FUND DRIVE HITS HALFWAY MARK

Receipts in the 1956 Heart Fund campaign have pessed the halfway mark, Mrs. Dan W. Clark, chairman of Campbell's drive for the Santa Clara County Heart Association, reported this week.

Campbell, however, is lagging in the drive with only $399 collected of a goal of $861. Last year $600 had been collected at this time.

She urged residents who have not yet mailed in their contributions to the Heart Fund to do so immediately as funds for heart research and other vital projects are needed now."

Drive goal for the county is $39,,600 and Mrs. Clark said this figure must be raised if the local Heart Association is to keep in step with demands for service projects, educational materials and support of scientific research.

She added that since last year demands on the Heart Association, caused by a rapidly rising population, have increased by 33 per cent.

Mrs. Clark said contributions may be sent to Santa Clara County Heart Association, 461 Porter Bldg., San Jose.

U. S. ARMY NEEDS NURSES

Major Fietta Rosenberger, representative of U. S. Army Nurses Corps, will be at San Jose Recruiting Station, Room 203, Post Office Building, San Jose from 9 a. m. to 2 p. m. Monday to interview professional registered nurses, male or female, for enlistment in the Army Nurses Corps.

Applicants must be citizens of the U. S. A., registered nurses in at least one state, between ages of 21 and 39.

Married women are acceptable under certain conditions.

FRESHMEN PRESENT CAMDEN ASSEMBLY

A variety of acts featured the freshman class second assembly of the year at Camden High School. Ed Ford, Mary Jane Bonds and Mary Ann Parks acted as m. c.'s for the show.

Others taking part were, Jean Adams, Diana Cooper, Robert Facchino, Lomita Fellabaum, Juanita Grizzle, Patsy Grubb, Carlyn Helppie, Lynda Jensen, Elaeanor Joseph, Sharaldine Kafka, Pat Lopez, Sylvia Martinez, Mary Root, Carol Ruggles, Judy Sheeder, Madeline Faormino, Patsy Gardner, Marla Johnson, Gayle Furtado, Marilyn Friesen, Judy Schapansky and Arlene Spina.

SPUDNUT SHOP OPENS HERE ON FRIDAY

Another shop in the rapidly growing system of Spudnut shops formally opens tomorrow at 732 N. San Jose-Los Gatos Road in Campbell, according to William H Johnson, owner and operator. This is the first local Spudnut Shop in the coast-to-coast system, now in 38 states and in over 300 cities throughout the nation. Each shop is individually owned and operated under an exclusive franchise arrangement with Pelton's Spudnuts, Incorporated, of Salt Lake City, Utah.

An outstanding feature of our opening day, Johnson has announced, will be free Spudnuts given away Friday and Saturday.

"We'd like everyone in Campbell to consider this a personal invitation to drop into our shop during opening days and try Spudnuts, because they're truly 'America's finest food confection," Johnson said.

Except for physical appearance, the proprietor points out, Spudnuts have no relation whatever to other similar-shaped products. Spudnuts are a special blend of wheat flour, powdered whole eggs, specially-prepared potatoes, milk solids and other vital ingredients—all mixed and blended to the secret Pelton formula.

"Spudnuts are 'raised' in a proof box", he said "just like all finest pastries; and cooked at an exact temperature in highest-quality shortenings."

Among the many Spudnut Varieties are "Spud-Overs"—a deep-cooked apple turnover, "Whole Wheat Spudnuts", "Spudnut Buttons and Bows", and "Spudnut Persians".

The Spudnut formula was developed in Salt Lake City by Al and Bob Pelton. From one small shop in 1946, the system now extends across the country and in Canada, Hawaii and Alaska.

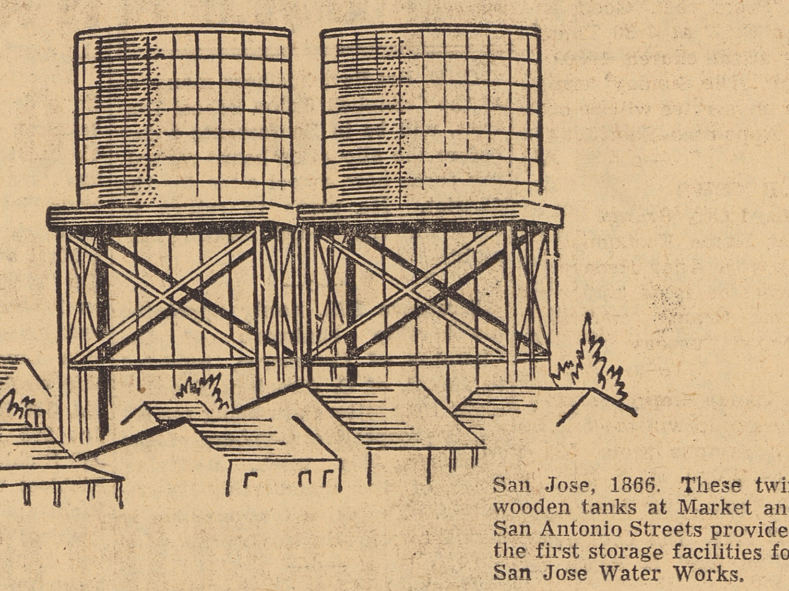
Established Over 21 Years

90 YEARS OF DEPENDABLE WATER SERVICE



San Jose, 1866. These twin wooden tanks at Market and San Antonio Streets provided the first storage facilities for San Jose Water Works.

San Jose Water Works is now in its 90th year, the oldest privately-owned water utility in California.

Since 1866 dependable water service provided by this company has helped to make possible the continuing growth of San Jose and the surrounding area.

In the last 10 years this growth is indicated by a 100 per cent gain in the number of people who depend on us for water service.

During any one of those 90 years San Jose Water Works has been ready to serve new residents of this section of the Santa Clara Valley because water supply always has been planned in advance of need.

Back in 1870 the development of the Company's Santa Cruz Mountain water supply began with construction of two storage reservoirs on Los Gatos Road and expansion of this supply has continued ever since. Combined with the pure underground water from wells in the Valley, this gives residents and industries of our service area the protection of a dual supply. This disaster "insurance" is enjoyed by relatively few urban areas anywhere in the country.

In 1956 as in 1866 we still look to the future. Plans for increased supplies to serve you will be ready when needed.

Pacific Telephone Reports 1955 As One Of Biggest Years In History

For Pacific Telephone 1955 was one of the biggest and busiest years on record here and throughout the Pacific West, President Mark W. Sullivan said in the company's annual report released today.

Local manager T. K. Nordheim said copies of the report, a summary of 1955 telephone progress, will be available to interested persons at the business office located at 190 N. 5th St., San Jose.

"Because we serve one of the fastest growing sections of the country, we are conditioned to the impact of growth upon our business. But in 1955 it grew at an unprecedented rate--in many phases more than twice as fast as usual", Sullivan declared.

The telephone company reported a series of impressive statistics for 1955:

Phones Increase

The number of telephones in the company's system increased by 436,000—46 per cent more than the increase the previous year. The company now has 5 3/4 million phones in service. Campbell alone gained 1106 telephones during 1955.

The number of local calls rose to nearly seven billion. Long distance calls totaled 252 million—a 14 per cent increase over the previous year.

Directories grew, too. In 1955 they contained 10 billion pages—10 per cent more than the year before. That's enough paper to fill 487 freight cars.

"Revenues increased by $83 million over 1954, thanks to the record volume of business. But our expenses also continued to increase. Including taxes, they topped 1954's by over $67 million", Sullivan said.

The company's taxes came to over $134 million and represented $1 out of $5 received in revenues. In addition, $58 million in excise taxes was collected from customers for the Federal government.

Repeater-Champion Tim Flock, of Atlanta, Ga., wheels his Chrysler 300B past the checkered flag in heavy rain to win the Grand National Stock Race at Daytona Beach. The first place gave Chrysler a clean sweep of NASCAR Speed Week events. Earlier, Flock won the National Speed Trial Championship with an average speed of 139.373 mph, and took pole position in the race-qualifying heat. Vicki Wood, Detroit mother of three, drove the 300B to the Women's National Speed Trial Championship. This was the second consecutive year in which Chryslers swept Speed Week events. The 300's were sponsored by Kiekhaefer outboards of Fond du Lac, Wisconsin.

200 Take Part In Cage Tourney

Sponsored by the Campbell Kiwanis Club, 200 sixth grade boys of the Campbell Union School District participated in the recent basketball tournament held at the gyms at the Campbell High School.

Members of the Kiwanis Club kept score during the tournament with elementary school faculty members acting as referees. Joe Stein, P. E. consultant for the district, was in charge of the tourney.

The Quito School scored 49 points in four games to walk off with first place honors in the "A" division with Rosemary and Moorpark tied for second.

Hamilton was the winner of the "B" division getting 34 points in four games. Dover placed second and Cherry Lane, third.

The Kiwanis Club plans to sponsor a district track meet for the same schools on May 12.

Campbell Soldier Jumps in Bangkok

Army PFC Anthony Hernandez, son of Mr. and Mrs. Recado Hernandez, 290 Shamrock Drive, Campbell, recently jumped in Bangkok, Thailand, with units of the 508th Airborne Regimental Combat Team as part of a joint SEATO exercise.

Thailand, the Philippines, Australia and Britain joined 7,000 U. S. participants in the land, sea and air maneuver, the first held by South East Asia Treaty Organization forces.

Hernandez is regularly stationed in Japan as a machine gunner with Company G of the combat team.

Pvt. James Namba Trains at Fort Hood

Army Pvt. James T. Namba, 22, son of Mr. and Mrs. Sakari Namba, 93 E. Hamilton Ave., Campbell, is receiving advanced artillery training with the 4th Armored Division at Fort Hood, Tex.

The division, reactivated in June 1954, is now undergoing a comprehensive training program. The unit won fame in Normandy and Bastogne in World War II.

Namba, a member of Battery A of the division's 66th Field Artillery Battalion, entered the Army in November 1955 and was last stationed at Fort Ord, Calif.

He was graduated from Campbell Union High School in 1952.

BUC NINE BEGINS PLAY

Daniels Leads at Plate

Led by Benny Daniels who pounded out to hits in two trips to the plate, scored two runs, stole two bases and got three RBI's, the Buc varsity downed the San Jose Junior College Reserve baseball team 7 to 1 on the Buc diamond. Pete Castallanos, regularly a third baseman, was the winning pitcher. Pete allowed only three hits while walking four, striking out two and going the route of seven innings which constitutes a high school baseball game.

Camilleri Wins Spar-Ten Award

Russ Camilleri, a sophomore at San Jose State and a graduate of Campbell High School, has been named the "Athlete of the Month" for February by the Spar-Ten Club, Spartan booster organization.

Camilleri was selected on the basis of his performance with the Spartan wrestling team. Competing as a 191-pounder he has been one of the team's standouts. He has won 14 bouts and lost two this season. He won the Pacific Association title, defeating the PCI and Far Western champion and placed second in the San Diego Open AAU tournament, losing only to Neb Blass, two time NCAA champion.

He is also member of the Spartan football squad. He was awarded a traveling bag at the Spar-Ten breakfast at the Westerner.

PERSONNEL OFFICER TO SPEAK TO CLUB

Members of the Campbell High School History Club will hear William Hanley, assistant personnel office of San Jose, give an inside look of city government at their next meeting, Tuesday, March 13. The meeting will take place at the home of Doris Hunnell, club member.

The club, made up of 23 members, recently viewed "Helen of Troy" and plan to preview "Moby Dick" a new motion picture based on the Herman Melville tale of Captain Ahab's battle with the whale.

Sequoia Tops Locals

Errors on the part of the Bucs in crucial points were the main factors as the Sequoia Varsity baseballers edged the Bucs 5-4 on the Sequoia diamond the first day of March. Hurling for the Bucs was Bob Sutton who piched the first four innings and was relieved by Mike Brown after he had given up two runs, struck out six and only one hit. Mike, the losing pitcher gave up three hits, three runs and struck out only one. The winning pitcher was Morrse who pitched all seven innings for Sequoia. Matt Musladin, who pounded out two hits in three trips, got the longest hit of the day, a double and the only stolen base for the Bucs.

SJS Frosh Wins, 3 to 1

Pete Castellanos and Jerry Sutton picked up one hit apiece, the only hits for Campbell, as the San Jose State Frosh team downed the Bucs 3 to 1 on the Buc field the Monday. Bob Sutton was the losing pitcher, giving up five hits and three runs as he went the route. He struck out ten batters.

Kitajima Makes First All-SCVAL

Don Kitajima, a junior at Campbell High, was named to the lightweight All-SCVAL basketball team and Jim Williams, 6' 3" senior, was chosen on the second team of the All-SCVAL varsity.

The honor list was chosen last week by the coaches of the league. Williams and Kitajima were the lone Bucs to make a team but both Vern Lunt and Roger Almquist were given honorable mention by the coaches on the varsity and Paul Uyeda and Jon Rowe the same rating on the lightweights.

Curtis Schwartz, of Fremont, was selected as "player of the year" on the varsity list, while Manuel Dutra, of Mountain View, got it for the lightweights.

Santa Clara placed two on the first varsity team and one on the second to the lead the selections while Mt. View got one on the lightweight first team and two on the second.

A Dozen Return

Buc Track Prospects Appear Bright As Veteran Performers Limber Up

Track and field prospects appear fairly bright at Campbell High School this spring according to early-season predictions. With a dozen returnees to the track and field squad, including one of the best shot put artists in the state, Mike Profit (who placed in the state meet as a sophomore), the Bucs are expected to do O. K.

Coach Bill Priddy, who now has the job of getting the team in shape this year now that Junior Morgan has moved to Camden High, has Bob Loeguevan, Terry Boone, and Jerry Craddock, pointmakers in the high jump last year to bolster his squad. Another star performer back for more action is Chuck Cardona, who may crack the "50-second" mark in the 440 this year. He is the school record holder in this event now.

Monty Nielsen, leading Buc spriinter last year, is being pushed this spring by Dennis Yasuda, Campbell's 50-yard dash record holder. Two outstanding sophomores, Robby Goff and Dave Alvarez, are also expected to be heard from in the sprint events.

Max Kinsey is a potential "12-foot-plus" pole vaulter and Mac Perez, Art Lantz and Fred Toshiro are expected to garner points in the hop-step- and- jump events. Ken Swwet is a strong broad jumper.

Tom Jenkins and Larry Heald, both moving up to the varsity this year, are expected to give Russ Cahill competition in discus tossing. Greg Hoffman, another Buc record holder (in the 660) looks good as a miler or 880 and the always dependable Glen Cureton will be back in the 880 as well.

The hurdles look now as the weak spot in the Bucs' track and field armor, for Schraub, Herschback and Sprecher have been lost to the squad from last year's team. Tom Clark is showing good early season form in the high hurdles and Ken Sweet, last year's surprising "B" hurdler will be a 120 yard hurdler on the varsity this spring.

State Revenues Make Big Jump Over Last Year

A new encouraging note for California's continued future growth was sounded this week by Robert C. Kirkwood, State Controller, who said General Fund Revenues during the first seven months of the 1955-56 fiscal year totaled $497,768,532.

"This is an increase of $54,805,698, or more than 12 per cent, over the corresponding period of last year," Kirkwood said. "But last year, revenues included a non-recurring amount of $19,418,604—which was the General Fund's share of impounded tidelands revenues released in October, 1954.

"For a valid comparison, therefore, revenue may be considered to have increased by $74,224,302 over the first seven months of the 1954-55 fiscal year."

Kirkwood declared that revenue increases included: retail sales and use taxes, $44,119,332; liquor taxes, $12,113,049; bank and corporation franchise and income taxes, $9,909,770; personal income tax, $3,343,065; inheritance tax, $1,116,681; insurance companies' tax, $603,279; liquor license fees, $199,466; private car tax, $30,082; other revenue, $1,466,271.

These increases were partially offset by the following decreases; royalties and other revenues from State lands, $17,087,707; pari-mutuel fees, $651,553; interest on investments and treasury deposits, $245,129; and gift tax, $110,908.

General Fund expenditures for the first seven months of the 1955-56 fiscal year totaled $518,987,842, an increase of $65,244,373, or 14.38 per cent over the same period last year.

REGIONAL LEADER SPEAKS TO GROUP

Mrs. C. E. DeTracey was hostess to Campbell Council of Republican Women for their meeting yesterday afternoon when Mrs. William Sontheimer, regional vice president of Northern Division Republican Women of California spoke to the group on accomplishments of the Eisenhower administration.

Mrs. H. H. Combs presided at the meeting in the absence of the club's president and vice president.

Refreshments concluded the program.

Robert Williamson Ships On Carrier

Robert G. Williamson, aviation structural mechanic second class, USN, son of Mr. and Mrs. Virgil L. Williamson of 156 Sunnyside, Campbell, husband of the former Miss Jean Campbell of Cupertino, has arrived in the Far East aboard the attack aircraft carrier USS Shangri-La.

The Shangri-La will operate with Fast Carrier Task Force 77 and the 7th Fleet.

This is the modernized carrier's first cruise in the Far East since World War II when she operated in Japanese and Okinawan waters.

The ship, converted and modernized with steam catapults, angled flight deck and streamlined hurricane bow, is scheduled to visit port cities of several Far Eastern countries.

Red Cross Offers Two First Aid Courses Weekly

Two first aid classes are now being taught concurrently by the Red Cross in Campbell. Thursday night an advanced course of instruction opened at Campbell Union High School where classes will be held in Room 201 each week until the 12-hour schedule is completed. Classes are held from 7 to 10 o'clock.

Advanced classes are open to persons holding a standard first aid certificate. John Meischke is the instructor.

Opening Monday night at Rosemary Grammar school classes in standard first aid instruction will continue there on the same night each week for eight more times.

Robert McCloskey is the instructor of the standard course which is given for two hours each time—7 to 9 p. m. each Monday.

Cubs Have Outing In San Francisco

A trip to San Francisco Saturday concluded a busy week for Cambrian Cub Pack 74, according to Cubmaster George Kemp.

Highlight of the week was a Blue and Gold family dinner attended by 175 parents and children. Honored guests at the affair were C. T. Mitchell, Scout commissioner; Max Nigl, Men's Club representative, and Rev. Sargent Wright, Cambrian Park Methodist Church, who gave the invocation.

Bill Montero of the Pacific Judo Academy presented eight of his students and instructors in a number of judo exhibitions.

Thirty two boys and ten parents took the trip to San Francisco. They went by train to Oakland and across the Bay to San Francisco where they visited the aquarium at Golden Gate Park.

The group returned to San Jose on one of the new double-deck community coach cars.

CAMDEN HIGH TO GIVE SHOW

More than 250 Camden High School students will take part in the all-school variety show to be staged at the Camden High School cafetorium March 15-16.

"On Board Ship" will be the theme for the hour-and-one-half program of two acts.

From the group of 80 girls who tried out for the modern dance act, 45 were chosen, according to Gayle Gorham, student director, and Mrs. Sybil Morse, faculty advisor.

Other numbers on the program include an accordion chorus and a boys ballet chorus. The glee club will also perform and the orchestra will be in the pit to accompany most of the musical portion of the show.

The common safety pin, now a "must" in domestic life, was invented by a man named Hunt in 1849.

PLANNING ON PLANTING?

GARDENER'S CHECK LIST

By The California Association of Nurserymen

1. Tuberous begonias should be started indoors now. Set them into the garden as soon as frost is over.

2. You can have gladiolus in bloom continuously from mid-summer until late fall. Make first plantings now. For a succession of blooms plant at three week intervals.

3. The new Floribunda cluster roses make a most colorful Hedge.

4. Dwarf fruit trees are specially adaptable to small properties. All types of deciduous fruit trees should be planted now.

5. All hardy annuals can be planted now for early Spring bloom. Plant pansies, snapdragons, violas, calundulas and baby primroses.

CAMELLIAS FOR THE NEW HOME

New homeowners and potential gardeners in California are a lucky bunch for in no other state would they have it so good. Tropical and other exotic flowers and plants can be grown here. The Camellia is one of the most widely planted flowers in the state for it does well in most locales. A native of the Orient the Camellia is an ancient flower and has been grown in China for many centuries.

The three species of Camellias generally found in California gardens are: Japonica, Reticulata and Sasanqua, with Japonica by far the most popular.

Formerly the Camellia was considered a collector's item and, as such, a difficult flower to grow. But no more, says the California Association of Nurserymen, for if the simple cultural requirements are met the Camellia will perform for all gardeners.

Follow Rules

For easy success with Camellias follow these rules of thumb: first mix the soil with about 50% of peat moss or leaf mold to give it the necessary acidity; use a mulch of the same material; assure yourself of perfect drainage; feed fertilizers that give an acid reaction, applying a light amount as new growth starts and again after one flowering period.

Also, plant where there's shade a good part of the day or under deciduous trees for filtered shade in summer water regularly so that the soil is moist continuously and in summer a syringing of the leaves is very benefifiacl.

Camellias can be planted in a great many unusual ways. Of course, there's the usual grouping in the garden or along paths in the yard. But try them also in containers in the patio or along the entrance way to your house. Both the Reticulata and Japonica are fine container subjects. The Sasanqua, however, being more open in habit does better grown or even espaliered against a wall for tracery effect. Sasanqua Camellias are outstanding landscaping subjects and shouldn't be overlooked when you're picking out Japonica and Reticulata varieties too.

STILL TIME FOR ROSES

Here's a formula for adding unusual beauty and new sparkle to your garden. Take the All America Rose winner of 1956, Circus, plant it carefully in a spot where everyone can enjoy its gorgeous blooms, tend it properly during its growing season—the result is beauty and sparkle in your garden! !

To employ such garden "chemistry", however, it's necessary that you take immediate action and plant while it's still bare root planting time, the California Association of Nurserymen recommends. But you'll be glad you did, for Circus, a Floribunda Rose, is not only a lovely flower but also a well-foliaged and attractive medium-low plant excellent for hedges and borders.

There is a constant parade of colors exhibited in the bud and open bloom of Circus. Bright yellow and red in the bud, it changes to orange or apricot or pale gold and apple blossom pink and then often back to red for a finish.

In addition to being recognized as an outstanding Rose in this country, Circus has been honored in Europe also.

SAN TOMAS SUMMARY

The Rev James Warren, pastor of the San Tomas Baptist Church is leaving Friday for a 10-day revival at the First Southern Baptist Church of Ukiah.

The Rev. Dick Hopkins of Berkeley will fill his pulpit this Sunday, while the Rev. Ernest Barnes of Denair will preach the sermon Sunday, March 18.

The R. A. Janes are entertaining Mark and Joyanne Douglas and their daughter Sheryll from Virginia. Mrs. Douglas is the niece of Mrs. Janes, and the granddaughter of J. F. Jones, formerly of Campbell.

The Navy has transferred Mark to San Francisco, and his wife and daughter will visit with the Janes until they can find a place of their own.

Local sub-teeners have a square dance class of their own at the K-5 Ranch. Natlee Kennoyer reports she has eight squares with room for more.

The San Tomas Follies was a successful event, according to reports from audience, actors, and the finance committee.

As the paper went to press, the financial report was not completed. Tentative estimates indicate about $300 will be netted.

Saturday the San Tomas Baptist Church will hold a turnabout work day with the women doing the carpenter work, and the men serving the lunch.

Volunteer work from the members of the congregation has the new church well on the way to completion, but the men are getting tired of "back seat drivers". Jack Allen will head a committee of men to prepare lunch, while Maybelle Dixon will act as carpenter foreman of about 20 women.

ST. LUCY'S GROUP MEETS

Mrs. John Daniels read the story of the life and works of St. Patrick at the meeting of St. Lucy's Women's Club last Thursday afternoon in the parish school.

Mrs. John Kay led the gathering in group singing, accompanied by Mrs. John Daniel, following the talk.

Mrs. Leslie Fairchild presided at the meeting preceding the program, when the coming "Fashions in Flight" show was discussed.

Refreshments concluded the meeting, arranged by hostesses Mmes. Ira Grim, John Daniels, Monica Parr and Will Levis.

Three Student Groups Have Big Roles at Quito

Three student organizations at the Quito School, have an important part to play in keeping the school running smoothly. Recently the Quito Dad's Club, of which Ed Fox is president, recognized the good work of the youngsters and gave a skating party at Rollerland for members of the groups.

The three school organizations are the Traffic Club, under the direction of Druery McMillan, Audio-Visual Club under Mrs. Florence Gilmore and the Service Club directed by Miss Jeanne Tenhaeff.

Traffic Patrol

The traffic patrol is made up of Betsy Lassen, Gordon Kubota Pamela Barnett, Erlene Paratore, Jackie Greensides, Edwina Spiker, Jeff Goodere, Richard Alexander, Bonnie Bradley, Frank Gogliano, David Mraz, Larry Elizondo, Jackie Romine, Donna Long, Sandra Woods, Lonny Raymond, James Kiles Ro-Ro LeDoux, Duwayne Hogan, Roger Wadhams, Bill Smith, Ted Rubino, Darral Seekatz, Mike Fitzpatrick, and Walter Workmon.

Audio-Visual

The Audio-Visual Club is in charge of the movie projectors, the phonographs, the tape recorders and the micrphones. When school begins in the fall, all students are allowed to try out. The ten most capable are chosen for the organization.

Two members are assigned each day to look at the sign-up slip on the bulletin board and set up the equipment as required.

Chipper Stevens, Bruce Patton, Paul Hewitt, John Steele, Brian Dorman, Frank Markert, Billy Timmons, David Duncan and Mike Paddock are the members of the Audio-Visual Club.

Service Club

The Service Club handles miscellaneous services as requested by the teachers. Some of their duties call for delivery of milk for the mid-morning snack enjoyed by the smaller children, setting up chairs for PTA meetings, and putting up the flag. They receive their orders from the bulletin board.

Service Club members now include Linda Phillips, Keith Ducote, Linda Caravella, Jerry Sousa, Louise Pechin, Larry Timmons, Earl Varsallona, Rachel Santos, Ricky Gregson, Leslie Davis, Tommy Carr, Edward Cerra, Marvin Mack, Stephen Hannah, Walter Doucett, Sally Griffith, Kenneth Stone and Eddy Kiles.

Art Students Win Key, Certificates

Campbell are students, with the coaching of Mrs. Marian Winston art teacher, recently triumphed in the annual Northern California Regional Scholastic Art Awards Competition. They acquired one of the highly coveted Gold Achievement Keys and a total of seven Certificates of Merit.

James Duran Wins Key

James Duran, who also placed in last year's competition, won the Gold Key for a lead pencil drawing. He also won a Certificate of Merit for an entry in pastels, charcoal, crayon, or chalk classification.

The other six recipients of Certificates of Merit were: Zinta Brunaus, illustration; Phyllis Davidson, lead pencil drawing; Bill Herzog, lead pencil drawing; Leilani Johnson, pastel; and Sue Menger, mixed media.

These prizes were all won in Group II, which is the senior division of the contest.

February 25 through March 10, there will be an exhibit of the winning art work at the Emporium in San Francisco.

National Judging

After the show the Key-winning pieces will be sent to the Carnegie Institute in Pittsburgh, Pennsylvania, to be judged for national cash awards amounting to $17,850 and over one hundred tuition scholarships for art schools and colleges.

QUITO QUORNER

Mr. and Mrs. Paul Stevens are teaching Church School classes in the Wesley Methodist Church, until recently known as the Japanese Methodist Church. Many Japanese children from the Campbell area attend as well as the four Stevens children, Judy, Joanne, Janice and Jacqueline.

Pastor of the church, Rev. Francis Hayashi and his family were relocated in Minneapolis during the war years. Rev. Hayashi taught Japanese at the University of Minnesota to American soldiers who later made up McArthur's occupation forces.

The Stevens met Rev. Hayashi there, and the friendship which resulted brought them out to the Pacific Coast when Rev. Hayashi was assigned to the San Jose Church.

Quito Girl Scouts, troop 205, had their court of awards rained out on Washington's birthday. They had planned it in connection with a cookout.

Instead, Mr. and Mrs. J. T. Barnett took Jackie Greensides, Kathy Whaley, Sandy Woods, Pam Barnett, Edwina Spiker, Earlene Paratore, Jeanette Byrd and Barbara Hollis skating, for a consolation prize.

Tonight, rain or shine, the court of awards will be held at Mrs. J. T. Barnett's home on Quito.

Under the leadership of Mrs. M. G. Whaley the whole troop has earned the skater's badge, and each girl will get her year's service pin. Each girl will receive various other badges, according to the fields she has chosen.

The Westhope Presbyterian Church has welcomed Mr. and Mrs. Joseph Catahna, Mr. and Mrs. Colin Campbell, Mrs. Helen Kellog, Mrs. Ruth Hansen and Mr. and Mrs. Elmer Kjellburg as new members.

Three Violations Cause Most of Traffic Deaths

Speed, violations of the right-of-way and drunk driving led the list of deadly traffic violations causing accidents in California during 1955 according to preliminary figures released recently by the California Highway Patrol.

"The preliminary figures show that over half of our fatal and injury accidents were caused by one of the three violations," declared Patrol Commissioner B. R. Caldwell. Following closely behind the deadly three were violations involving improper turns, driving on the wrong side of the road, following too closely and improper passing.

In an effort to stop accidents the Patrol issued citations for 778,014 traffic violations during the year," Caldwell said. "A lot of self policing with stricter adherence to the traffic rules and regulations is necessary if we are to substantially reduce our traffic toll.

Traffic violators will continue to be cited when observed but every driver and pedestrian must take charge of their own actions in traffic. The best way is to obey the rules and stay alive. Don't let a traffic violation kill you."

PTA GROUP MEETS

Dr. D. S. Hubbard, superintendent of county schools, spoke to members of the Board of Managers of the Sixth District, California Congress of Parents and Teachers at their recent bi-monthly meeting explaining the new County Board of Education which will take office in July.

The 1955 State Legislature established a lay county board to be elected by the people, and gave it wide policy making responsibilities. Heretofore, the county boards in most counties have consisted of professional people appointed by the board of supervisors, with limited authority.

LEGAL NOTICE

RESOLUTION OF INTENTION TO ANNEX CONTIGUOUS TERRITORY TO COUNTY SANITATION DISTRICT NO. 4 OF SANTA CLARA COUNTY, AND PROVIDING FOR NOTICE OF TIME AND PLACE OF HEARING THEREON

WHEREAS, there has heretofore been filed with the Board of Supervisors of Santa Clara County a petition requesting this Board to annex to County Sanitation District No. 4 of Santa Clara County certain additional territory described in said petition, and which said territory is more particularly herein below described; and

WHEREAS, it appearing to this Board that said particularly described territory is not within the boundaries of any other County Sanitation District or any other district formed for similar purposes, and it further appearing to this Board that said contiguous territory will be benefitted by virtue of its annexation to said County Sanitation District No. 4,

NOW, THEREFORE, IT IS HEREBY RESOLVED that Monday, the 26th day of March, 1956, at the hour of 11:00 o'clock A. M. of said day, at the Chambers of the Board of Supervisors of the County of Santa Clara, in the Civic Center Building, North First and Rosa Streets, in the City of San Jose, State of California, is hereby fixed as the time when and the place where this Board will hear and consider the matter of the annexation of said contiguous territory to County Sanitation District No. 4 of Santa Clara County, and at which time and place any and all persons interested in said matter may appear and be heard and show cause, if any they have, why such territory should not be annexed to said district.

That the territory hereinabove referred to is that certain real property situate in the County of Santa Clara, State of California, and more particularly described as follows, to-wit:

All that certain parcel of land situate in the County of Santa Clara, State of California, being more particularly described as follows:

Beginning at the point of intersection of the centerline of the main channel of Campbell or Quito Creek and the Southerly line of that certain 77.053 acre tract of land described in the Deed from James Spangler, et ux, to R. M. Barthold, recorded in Book 456 of Deeds at page 4 Santa Clara County Official Records, which point is also located on the present Westerly Boundary of Santa Clara County Sanitation District No. 4; thence along the boundaries of said 77.053 acre tract South 89° 58' West 567.60 feet North 89° 52' West 1382.04 feet to the Southwesterly corner of the said 77.053 acre tract; thence North 1628.88 feet to the Northwesterly corner of said tract; thence South 73° 37' East 1941.06 feet; thence South 56° 53' East 800 feet more or less to the intersection of the Northeasterly line of said 77.053 acre tract with the Westerly boundary of said Sanitation District No. 4; thence Southwesterly along said West boundary which is also the centerline of the main channel of the Campbell or Quito Creek to the point of beginning, contain--ing 65 acres more or less, and

BE IT FURTHER RESOLVED that notice of the time and place of said hearing be given by publishing a copy of this Resolution and Notice once a week for two (2) successive weeks in the CAMPBELL PRESS, a newspaper of general circulation in said County Sanitation District No. 4 and in the territory proposed to be annexed to said district.

PASSED AND ADOPTED by the Board of Supervisors of the County of Santa Clara, State of California, this 5th day of March, 1956, by the following vote:

AYES: Supervisors, Brown Della Maggiore, Gaspar, Levin, McKinnon

Dance Friday to Benefit Ebb Bohn

Friends of Ebb Bohn, former Santa Clara County Cheery Farmer, are sponsoring a benefit dance on his behalf at Alpine Park, 2300 Canoas Road, in San Jose tomorrow night.

Ebb, who recently suffered a heart attack, has had to curtail his many activities, and his many friends in the Valley are joining in sponsoring the affair tomorrow night.

Several groups are donating music for the event, with dance music being provided by Donna Redding and orchestra; Terry Hughes and orchestra, and Four Clefs and Joanne. Joe Fazio will act as master of ceremonies.

Willis Dahl and Linda Roth, Campbell High School students, will present a number of western ballads at the program. Hawaiian dancing will be provided by Sheryn Martin and her group.

Ebb's "Stars of the Future" will also contribute their talent to the program.

Boppers and waltzers will have an opportunity to show their stuff in the bop and waltz contests.

Tickets for the affair may be obtained from either co-chairman, Richard Redding, Cypress 3-8676 or Mrs. E. Hogue, CYpress 4-4484.

CONTRACT AWARDED

A contract was awarded Associated Engineers of Palo Alto this week by Sanitation District No. 4 for sanitation sewers on Cherry Lane and El Caminito, the work to be started within thirty days and completed in ninety days. Cost of the project is $3.25 per front foot plus $105 per lateral, according to Stephen Goodman, district superintendent.

DOING A GOOD JOB

Situated as we are in an area that is suffering acute "growing pains'' puts a premium on future planning. As a matter of fact, even planning well enough to take care of current needs is a major problem in itself.

We think all types of governments (city, county, state) have their work cut out for them during the next few years in order to keep up with the tremendous growth. But the school administrators are the ones who are faced with the most difficult task of all.

School officials cannot afford to be caught short. We imagine such terms as "projected enrollments" are causing no end of gray hair among the pedagogical fraternity.

The potential growth for the various school districts in this area as outlined by those who have made surveys of the situation is fantastic. We would say it would be almost unbelievable, if it were not for the fact that such surveys in the past have proved surprisingly accurate.

It is difficult to conceive that it will be necessary within a foreseeable future to have five high schools in our own high school district. There are two now. Two high schools are expected to be needed in the Moreland School District alone. This district, according to the survey, will need 13 elementary schools alone.

When one realizes that just a short ten years ago there was but one school in the district with a total of 157 students enrolled, one gets some idea of the astronomical planning that is necessary just to keep up with the tide.

The situation in Moreland is equalled or bettered in the Cambrian and Campbell districts. The administrators have been forced practically to go into the real estate business as they search for sites on which the schools of the future must be built.

We are convinced that the school administrators in this immediate area are going about their herculean task in an efficient manner.

They have a king-sized headache that will not be helped by aspirin. Results stemming from sound planning will provide the only cure.

We think this area is fortunate in having excellent school people at the helm who are trying hard to steer the right course in the sea of "projected enrollments."

They deserve a great deal of credit and we are happy to give them a lusty pat on their collective backs in commendation for the job they are striving to do.

We hope our pat-on-the-back will in a slight degree lessen the headaches caused by "growing pains."

ZONING CHANGE FAVORED

A group of residents, mostly on Ridgely Drive, April Way, Kuehnis Drive and McBain Ave., have petitioned the Planning Commission to change the zoning of that area along the west side of the San Jose-Los Gatos Road between Campbell and Hamilton avenues.

This area is now zoned M-1-S (light manufacturing) and the residents would like to have it changed to R-2-S (residential) or C-1-S (commercial).

We are inclined to agree that a change in zoning is desirable in that particular section of Campbell.

The area was set up as a manufacturing zone originally by the Planning Commission because it was felt that Campbell was in dire need of such zoning. It was thought that this section met the requirements for that type of zoning.

The need for a manufacturing zone is still with us, but we feel that there are other sections in this area that would be more suitable.

This move to change the zoning in this particular area emphasizes that there are inequities in the master zoning plan for Campbell. This is bound to be true because it is impossible to anticipate all the changes that will take place in any community.

At the present time, the planning consultant and the Planning Commission are studying the master plan and hope to present a series of needed changes within the near future. However, we do not think it is necessary to wait until the entire restudy of the area is made before making any needed changes.

Granted that "spot-zoning" is bad and is frowned upon by all authorities, we feel that the modification of the zone in this section is not "spot-zoning'' in any degree. If it is shown to be feasible, it should be done as soon as practical.

BOOMING ENROLLMENT CALLS FOR MANY ADDITIONAL CLASSROOMS

In orded to meet looming record enrollments, Campbell Elementary School District trustees have approved preliminary plans for addition of three classrooms to Cherry Lane School, two rooms at Quito School, and eight classrooms which will be the beginning of a new school planned to be built north of Stevens Creek Road on a new site now being acquired.

The district at the present time has more than 5,300 pupils in classes, and is expected to be very close to the 5,500 mark by September.

Trustees plan to call bids in June for construction of the new Sherman Oaks School of eight classrooms, two kindergartens, an administrative unit and multi-purpose room on a 13-acre site acquired on Fruitdale Avenue. Plans for this project are now being prepared by Higgins & Root, architects.

Bids will be called in May for construction of eight new portable clasrooms which will be used to bolster schools where enrollment is rising rapidly or suddenly before regular classrooms can be erected. Present plans call for three to be used at Cypress School, three at Hamilton School and two at Dover School.

The new school to be built north of Stevens Creek Road and south of Pruneridge Avenue is designed to relieve future severe crowding foreseen for Cypress School, where portable rooms will "fill in" until new facilities can be completed.

Trustees have acted to initiate the school building, addition projects and portable classrooms planning in the face of continued rapid population growth throughout the district. They have pointed out that considerable time must elapse between enrollments which indicate inability of a school to handle its pupils, planning necessary new classroom space, calling bids, getting construction under way and then completed for use.

In the case of entire new schools, still more time must elapse because necessary ground must be obtained in the proper location where needed and yet not "double up" on another nearby school. Trustees have also found, due to heavy subdivision activity in the district, that it is increasingly difficult to find adequate acreage for new schools in a useable location.

SERVICE CLUBS Of Campbell do a lot of good work for which little note is given, like . . . the street signs put up by the Rotary Club and Rotary's leadership in setting up the Little League stadium by the Rosemary School, the trash receptacles set up by the Lions Club and this club's sponsorship with the Campbell Elementary School PTA of the Harmony Festival tomorrow and Saturday nights all proceeds going to the polio fund, the youth recreation program sponsored by the Kiwanis Club, the Kiwanis Scholarship given each year to High school graduates, and the layette drive just completed for new born babies.

ANOTHER QUARTET Has been added to the eight scheduled to be heard tomorrow on the Lions Club program, the Campbell Kiwanis Club quartet finally to be heard along with other outstanding groups of the bay area in a songfest, and for our money they are one of the best, with C. P. Klassen as bass, Herbert Neale as bariton, Howard Guilbert as second tenor and Lloyd Nelson as first tenor . . . other quartets will be Edenaires who were semi-finalists three times in the regional contest for national honors, High Tones who do a hilarious number, Millionaires, 'Frisco Four, who do the Burgie commercial on radio, Forty-Niners, Alley Cats and Saviore Four.

THIRTY-SIX POUNDS of baby garments were collected in the last fortnight by the Campbell Kiwanis Club with Stephen Goodman and his committeemen taking them to Mrs. Edmondson of the County Welfare Department for placement at the County Hospital and other outlets, also two dozen diapers, seven pair of rubber panties and ten yards of rubber sheeting purchased with cash donations, the success of the project being such that it may lead to a city-wide campaign for the materials next year . . . other club members being Ted Schenk, Ira Grim, Howard Atkinson and Jim La-Plant.

HOMINY HEARTS Is the main menu for worms being raised at the Fred Marcuson place on White Oak Road, and a check we made last week indicates there is a million or more fish worms bedded there ready for the season, when sixty will be put in each pint container, meaning 16,667 pints of worms to be available from here, and Marcuson will offer these 32 cartons at a time from his worm slot machine being set up in front of his home and through similar machines which are to be made by a San Francisco firm, with Marcuson holding the patent rights . . . and the worms, the machines to be placed at various resort areas, with royalties to Marcuson on each machine placed.

Speech Program Proves Effective

A new speech clinic room at Quito School has proved to be of material aid in improving speech ability of children needing extra attention in this field, according to Dorothy Somerville, speech teacher for the district.

"It has been very apparent that children's attention, attitude and working ability has improved radically with use of the new facilities," she said.

Recently, a speech workshop was held for district primary grade teachers, with about 60 attending.

A practical demonstration of a clinic lesson was given by Eda Belle Little with three pupils from Rosemary School working through a routine lesson.

Teachers were given an explanation of why certain steps of instruction were handled in specific ways, and a general discussion was held on ideas and suggestions that classroom teachers can use daily in normal class operation.

Connie Mack of baseball fame was once a major league catcher.

The full name of Gertrude Lawrence, well known English actress, was Gertrude Alexandra Dagmar Lawrence Klasen.

P. G. and E. and your appliance dealer invite you to

try an automatic dryer free for 10 days!

P. G. and E. believes an automatic clothes dryer is one of the greatest labor-savers to come along in years. So does your appliance dealer.

But why take our word for it? Instead, we invite you to prove it for yourself—*by trying one free for 10 days right in your own home!*

How to get your free home trial:

Simply go to any appliance dealer identified with this offer. (Look for the banner in his display window.) Compare the various makes of automatic dryers for yourself, choose the one you like best of all—and, subject to normal installation requirements, it will be installed in your home absolutely free for the trial period.

You risk nothing!

Give the dryer a real workout for 10 days. Then—if you decide to return it, no matter what your reason—the dryer will be removed and there will be *no charge of any sort.* If, on the other hand, you decide to keep the dryer permanently, you can own it for just a small down payment and a few dollars a week.

Why P. G. and E. and your appliance dealer make this unusual offer

We want you to prove for yourself these four facts:

1. *An automatic dryer does away with your hardest household chore . . .* because it puts an end to all the back-breaking lugging, stooping, pinning-up and taking-in you go through now.
2. *An automatic dryer does a better drying job than the sun . . .* because it gets your clothes as much as 30% fluffier, gives them far more fresh-air fragrance. What's more, it ends all your washday worries over rain, soot and wind!
3. *An automatic dryer cuts down on ironing . . .* because sheets and towels come out practically wrinkle-free, ready to fold away!
4. *An automatic dryer costs only pennies a week to operate . . .* thanks to P. G. and E.'s low, low rates.

Hurry! Free offer ends March 31st!

In order to get your 10-day trial, you must go to your appliance dealer no later than March 31st. We urge you to see him today, *while he still has a large selection.*

Choose your trial dryer from any of these famous makes

Letter to the Editor

HOUSE NUMBERING

Editors Note: The following letter was directed to the Campbell City Council with a copy to The Press. It is in reference to the house numbering system that is slated to go into effect in Campbell .

City Council,
Campbell, California.
Gentlemen:

In connection with item appearing on page 1, The Campbell Press, dated Thursday, March 1, 1956, Headed, NUMBERS WAIT ON RULING", it would appear that the Council exhibited excellent judgment in postponing final action until 12th March, 1956.

The only reason, that I was able to discover in the news item mentioned above, for the change in house numbers, according to Mr. Barrett, if he is quoted correctly, was, "**** his survey showed that it was not practicable to allow the present numbers to stand because of the confused state. The old system, he pointed out did not allow for enough numbers and it was impossible to make a workable system from it."

From the viewpoint of a layman, and in connection with April Way and the new streets in the vicinity of April Way, the system is presently workable. I receive deliveries at my address, get my mail regularly ,etc. etc. To change this house number would cause me trouble, expense, confusion to my correspondents and affairs. I, for example, would have to inform about ten different departments of the Government and the Veteran's Administration as to this change in house number, in most of these cases a new plaque would have to be prepared for addressograph machines, by the department concerned.

I send and receive approximately 100 Christmas Cards. To notify these correspondents would cost $2.00 in stamps. This is just the beginning. There are the utility people, people who service your dwelling, the doctor, the lawyer, your minister, all addresses in the telephone directory will be rendered obsolete. It would appear that the confusion to be corrected is inconsequential in comparison with the confusion incident to the cure. And finally, and again from the layman's viewpoint, it appears anomalous to direct changes in house numbers in districts where the present system is working satisfactorily, just because it must be done elsewhere. And the present system seems to be working on April Way.

It is to be hoped that The Council can find it expedient to postpone final action in this matter beyond the meeting of 12th March to permit further study and discussion of the matter.

Yours very truly,
THOMAS D. HEYL.

according to plans and specifications prepared by Birge M. Clark and Walter Stromquist, 321 Channing Avenue, Palo Alto, California.

All bids must be in writing and on forms furnished by the Architects, and entitled

"Bid, Strawberry Park Elementary School"

and mailed or delivered to the Board of Trustees, Moreland School District, Moreland Elementary School, Payne Avenue and Santa Clara-Saratoga Road, Santa Clara County, California, in time so that the same will be received not later than 8:00 PM on the 22nd day of March, 1956, at which time said bids will be opened and considered at a meeting of said Board to be held at the Moreland Elementary School, Payne Avenue and Santa Clara-Saratoga Road, Santa Clara County, California.

Bids shall be presented in accordance with the plans and specifications for said work which are on file in the office of said Board and at the office of the Architects, Birge M. Clark and Walter Stromquist, 321 Channing Avenue, Palo Alto, California. A deposit of $50.00 will be required from all contractors receiving plans, said deposit to be refunded by the architects when plans and specifications are returned in good condition.

All bids must be signed by the bidder and be accompanied by a Bid Bond, or a certified check or cashier's check for an amount equal to five (5%) percent of the bid, said checks to be drawn payable to the order of the Moreland School District, as a guarantee that the bidder will enter into a contract with said Board of Trustees of Moreland School District in accordance therewith upon being notified of the acceptance of said bid, and will furnish the surety bonds as required by the specifications and by law, and said check to be forfeited to said Board of Trustees of the Moreland School District should the bidder fail to execute the contract and furnish the bonds above mentioned.

Workmen employed on said work shall not be paid less than the hereinafter set forth prevailing scale of wages:

Classification:	Hourly Rate
Carpenters	$2.90
Plasterers	3.43
Plumbers	3.20

all others in accordance with the rates fixed by schedule adopted by the Board of Supervisors of the County of Santa Clara, to which reference is hereby made for rate of payment not herein specified.

The prevailing wage scale heretofore adopted by the Board of Supervisors of the County of Santa Clara on June 4,1951, as amended, is hereby adopted as the general prevailing rate of per diem wages in the locality in which said public work is to be performed for each type or craft or workmen needed to execute the contract, and said schedule of wages is hereby specially referred to and incorporated herein and made a part hereof as though the same were herein set out in full, including the specifications therein of per diem wages for legal holidays and overtime work in said locality; and the contractor to whom the contract is awarded ,and any subcontractor under him, shall pay not less than the specified prevailing rate of wages as therein specified to all workmen employed in the execution of said contract.

Said schedule of per diem wages is based on a working day of eight hours unless otherwise provided therein, and the wage prescribed therein is the per diem rate divided by the number of hours constituting the working day.

All skilled and other labor not listed above that may be employed is to be paid not less than the union wage scale for such labor.

Contractors who propose to have subcontractors perform work or labor or render service to them in or about the work should designate in their Bid the names and location of the places of business of each subcontractor who will perform such work, labor, or render service in an amount in excess of one half of one per cent of the contractor's bid.

All bidders shall be required to furnish suretly bonds for the faithful performance of the work and as required by Section 4200 of the Government Code of the State of California in the amount of 100%.

This Board reserves the right to reject any and all bids, and to waive any informality in any bid received at its discretion.

No bidder my withdraw his bid for a period of 30 days after the time for the opening thereof.

No bid will be accepted from a contractor who has not been licensed in accordance with the provisions of the Contractors' License Act of the State of California.

BY ORDER of the Board of Trustees of the Moreland School District, Santa Clara County, California.

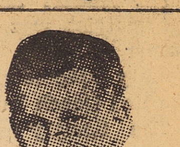
ON CAPITOL HILL

with "Charlie" Gubser



REPRESENTATIVE IN CONGRESS
TENTH DISTRICT, CALIFORNIA

President Eisenhower's announcement of candidacy last week practically stopped Washington's many activities for a while. By the time the chief executive's press conference started at 10:30 A. M. Eastern Standard Time, thousands of men and women on and off Capitol Hill drifted to radio and television sets or news tickers. Others made arrangements to have the word flahsed to them the moment the flashed to them the moment the although the majority correctly guessed the final outcome.

Newspapermen who held admission cards to the Presidential press conference knew, of course, that a record crowd would be in attendance. Accordingly, more than 150 of them stood in line outside the conference room in the Old State building for more than an hour before the doors were thrown open. A total of 310 finally jammed into the room, and more than 40 were turned away because there just wasn't enough space for them.

A peculiar experience was related to me by a fellow Member of Congress who had gone to Walter Reed hospital that morning for a routine physical checkup. He had gone through the usual stops and arrived at the cardiograph room just prior to the presidential announcement. While the congressman was being tested—and the stylus of the cardiograph machine recorded his beat—a nurse came running in and announced that Ike would stand for re-election.

Later, the doctor smilingly showed the cardiograph to the congressman. "All's well", he said. "Nice even beat—with one exception. See here?"—He pointed to one spot where the curve had jumped differently. "Nothing to worry about, though", he reassured the patient. "That's where the Ike announcement came in."——

The cloak rooms of the House of Representatives looked like a country store the other day while the Upper Colorado bill was debated. In anticipation of the vote, cloak rooms were crowded with members. This was the moment chosen by Rep. Abbitt of Virginia to move in a couple of cases of peanuts, product of his district. Pretty soon, congressmen were sitting around the box, munching peanuts and discarding shells into an empty crate. Said Whip Les Arends, handing a handful of goobers to a member on the outer fringe: "When I accepted this job, I never thought I'd wind up a peanut vendor!"

FUTURE FARMERS DANCE ON MARCH 9

Future Farmer Chairman Tony LoBue announced that "Barnyard Fantasy" will be the name of the FFer's big dance to be held on Friday night, March 9, in the girls' gym at Campbell High. All the girls will wear cottons. The CUHS Dance Band will furnish the music. The Art Commission all set to transfer the gym into a more rural setting by drawing pictures of barns, haystacks and other appropriate designs.

Word has been received from Robins Air Force Base in Georgia, of the narrow escape of First Lt. Crawford O. Shockley when his plane caught fire during a recent test of the F-100C Super Sabre jet he was piloting. Shockley was checking the brakes on the plane prior to ferrying the aircraft to an overseas base on a Project High Flight mission, when the brakes caught fire on the second check. Luckily, the Air Force Base fire department arrived in the nick of time and extinguished the fire in a matter of minutes. Lt. Shockley was uninjured in the mishap. He is the son of Mr. and Mrs. C. W. Shockley of 66 El Caminito.

Bob Haliwell, 11 year old sixth grader at Cherry Lane School is resting comfortably with his leg in a cast, following a skiing mishap at Cisco last Sunday. He was taken to Truckee Hospital after the accident, where he spent the night before returning to his home at 54 East Rincon Way. His mother, Mrs. Catherine Haliwell, teaches at Moorpark School. Others in the skiing party were Bob's brother, John, also Mrs. Phoebe Davis and daughters Jackie and Sharon, Mrs. Lauralee Wilson and Nan Gault.

Mrs. Dorothy Trevethan, Campbell City Clerk, has been away from her desk this week because of illness.

County Schools Slate Song Fest

Campbell Grammar School Girls' Chorus and Boys' Glee Club will be among the special singing groups to take part in the first annual choral festival on April 20.

More than 1,000 students from all Santa Clara County schools will participate in the festival which will take place in the San Jose Civic Auditorium, according to Mrs. Marjory Morgan, consultant for music education in Santa Clara County schools and chairman of the festival committee.

Among the music selections to be presented will be "The Lord's Prayer" by Malotte; "My Creed" by Joseph Yates Peek; "Ezekiel Saw de Wheel", spiritual arranged by Noble Cain; "Set Down Servant" arranged by Robert Shaw, "You'll Never Walk Alone", Rogers and Hammerstein; "Cherubim Song" by Bortniansky; "Buffalo Gals" arranged by the Krones; "Waltz of the Sleeping Beauty" by Tchiakovsky, and "Memories of Vienna" by Karl Stark.

Veral L. McGraw, Jr., Takes Post at "Riley"

Specialist Third Class Veral L. McGraw Jr., whose father lives at 124 R. Dillon Ave., Campbell, is a member of the 1st Infantry Division's 18th Regiment at Fort Riley, Kan.

Assigned as a supply clerk with the regiment's Company G, he entered the Army in December 1953, completed basic training at Fort Ord, Calif., and served a tour of duty in Europe.

McGraw attended Parkrose High School in Portland, Ore.

School Districts Join in Program For Recreation

Campbell Elementary School District will participate with Campbell High School District in operation of the area's recreation project during the coming year. Joint operation has been in effect for several years.

Under the program, recreational activities are conducted at various elementary schools at varying times during school months, and the Summer recreation is supervised by paid instructors. Part of the program involves use of the high school's swimming pool for both recreation swimming and instruction in swimming as a skill and for lifesaving.

Moorpark School sixth graders have been authorized to go to camp from May 26 through 29 by district trustees. The camp period permits instruction in conservation, nature subjects and outdoor living. The program follows closely a similar arrangement sponsored in other schools by the County Superintenden of Schools.

Approximately 95 students are expected to attend camp this year, according to John Duncan, principal at Moorpark.

The temperature on the surface of the planet Mercury is about 700 degrees Fahrenheit.

About 50 per cent of the people of this country play bridge, according to playing card manufacturers.

Birthday Program Held by Grange

Birthday program in observance of February birthdays of Orchard City Grange members, followed the group's regular meeting on February 29 when Worthy Master B. K. Werner presided.

Worthy lecturer Mrs. Cora Kaufman was chairman in charge of arranging the program when special notice was taken of the birthday of Mervyn Keesling, long time Grange member. Mrs. Nellie Rutherford was the only leap year member.

Herbert Shadle was appointed general chairman of the cancer drive in April which the Grange will sponsor.

It was also announced that the Home Economics Club will meet with Mrs. Anna Hedegard at 117 N. Winchester Road, tomorrow.

Mr. and Mrs. Al Brugeman, Mr. and Mrs. William Johnson, Mr. and Mrs. Robert Lear and Mrs. Josephine Biller were in charge of refreshments.

TREE GRAFT TO BE SHOWN

Ed Bowles, representing California Farm Advisers, Division of California Extension Service, will demonstrate a "fruit basket" graft, joining plums, peaches and nectarines to an almond and a peach tree. He will also demonstrate grafting an English walnut to a black walnut tree, at the home of Mrs. James Goble, 14634 Nelson Court, Cambrian Park, Saturday morning, March 17, at 10 a. m.

The general public is invited to attend the demonstration.

Blossom Valley Garden Club is sponsoring the appearance of Ed Bowles to give the grafting demonstration.

Rites Held for Mother of Four

Funeral services were conducted at 10:30 a. m. Tuesday from Darling, Fischer and Krug Memorial Chapel for Mrs. Betty Ruth Ayers, 26, who passed away Saturday in a San Jose hospital after a six weeks illness.

She is survived by her husband, Andrew, a painter, and four children, Sharon, Janice, Richard and Terry.

Mrs. Ayers also leaves her parents, Mr. and Mrs. O. T. Cantrell of Campbell, also three sisters, Patty and Eva Cantrell and Mrs. Shirley High, all of Campbell; two brothers, James of Menlo Park and Charles in the U. S. Air Force stationed at Parks Air Base.

Mrs. Ayers, who came to this area from Kansas ten years ago, has been living at 970 York Ave., in Campbell. She took part in school affairs at San Tomas School, and was a former Brownie leader.

Interment was at Santa Clara City Cemetery.
